

KEEP

What are you or your organization doing that you should keep doing?

START

What should you or your organization start doing (a new approach/practice/effort or a change to a current approach/practice/effort)?

STOP

What are you or your organization doing that you should stop doing?

One next step I will take when I return home...

Think about a concrete action you would like to take in the days or weeks following this convening (i.e. look for a resource, run an idea by a colleague, reach out to someone who might be a new partner)
